BrowserStack

---

### SOFT SKILLS

Team Collaboration
Client handling & requirement understanding
Analytical and problem-solving skills.
Agile Methodologies
Strong communication skills

### PROFILE

Front-End Web Developer with 6 years of experience in responsive, high-performance web apps. Skilled in ReactJS, HTML5, CSS3, JavaScript, jQuery, and WordPress. Focused on clean UI, cross-browser compatibility, and scalable code.

---

### WORK EXPERIENCE

#### Implementations Web Developer

**TrueBlue India LLP, PeopleScout India**          February 2024 - Present

- **Developed 50+ reusable React components** that can be seamlessly integrated across the application, enhancing development efficiency and consistency.

- **Mentored new members on projects** throughout their initial term to master internal processes and practices, reducing their time to offer value to the organization by several weeks.

- **Identified and resolved critical issues** across multiple project phases, including DEV, SIT, UAT, and PROD, ensuring smoother deployments and improved application stability.

- **Reduced issue report count by 70%** through proactive debugging, root cause analysis, and implementation of robust solutions.

- **Participated in many stages of the software development life cycle (SDLC),** such as requirement gathering, modelling, analysis, architecture design, prototyping, developing, and testing

- **Checked existing code for bugs and weaknesses** using approved troubleshooting methods.

#### Associate User Experience Engineer- III

**Onething Design Studio,  Gurgaon**          April 2020 - February 2024

- **Developed visually appealing and responsive web interfaces** using HTML, CSS, JavaScript, and modern frameworks like react js to deliver seamless user experiences across various devices.

- **Enhanced website performance** by minimizing load times, optimizing images, and applying efficient coding practices to boost user engagement and retention.

- **Conducted thorough cross-browser and device testing,** identifying and resolving compatibility issues to ensure a consistent experience for all users.

- **Maintained and updated website content and features regularly**, ensuring alignment with evolving brand guidelines and user expectations.

- **Collaborated with UI/UX designers and back-end teams** to translate design mockups into clean, functional code and implement server-side logic where needed.

- **Followed best practices for web security, accessibility, and standards,** including WCAG compliance for inclusive design.

- **Created and maintained technical documentation** to support knowledge transfer, onboarding, and ongoing project maintenance.

**Bachelor of Technology (Computer Science)**

## Rawal Institute (MDU)

Year 2013 - Year 2017

## Primary Education

Intermediate, CBSE, Delhi — 2013

Matriculation, CBSE, Delhi — 2011

# AWARDS & APPRECIATION

On the Spot (Team) Award

Technical Excellence Award

Special Initiative Award

Talent Team Recognitions

## Executive - Web Developer

**Growthnomics Technologies Pvt. Ltd**          October 2018 - April 2020

- **Created multiple e-commerce websites using WordPress** and WooCommerce, delivering robust online shopping experiences.

- Designed intuitive website layouts and user interfaces **following best practices in HTML, CSS,  React Js and responsive design to ensure accessibility across devices**.

- **Collaborated with back-end developers and web designers** to improve website usability and functionality.

- **Worked with cross-functional teams to resolve conflicts**, prioritize project requirements, define content strategies, and select effective technical solutions.

## UI - Web Developer

**Navsam Online Retail Pvt. Ltd**          January 2017 - October 2018

- **Developed responsive front-end structures using HTML5 and CSS3,** following W3C standards for semantic markup and cross-device compatibility.

- Integrated PHP-based front-end with WordPress back-end to support dynamic content and smooth data management.

- **Converted PSD designs into clean, functional HTML** websites with adaptive width and cross-browser compatibility.

- **Maintained website health** by regularly updating content, fixing bugs, and implementing key security measures.
